Dear Sir/Madam,

My relationship with Pamper Cleaning Services goes back 4 years and with the company, formally known as Crystal UK Ltd, since 2005.

I have always found Pamper Cleaning Services to provide very high cleaning standards, the staff throughout the company are very professional and extremely helpful. They also provide maintenance service for us which they deal with straight away and offer us the best solution so savings could be made.

I would not hesitate to recommend them to any possible clients.

Yours sincerely,

Johana Gacha  
Office Manager
