To whom it may concern

Dear Sir / Madam,

Pamper Cleaners have been our preferred cleaner supplier since I started as a Reception Manager at Advantage Resourcing in 2006.

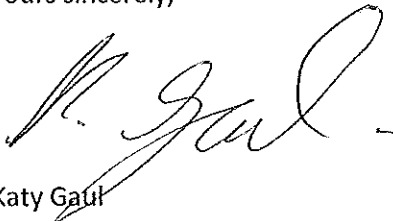

They also supply us with maintenance jobs around the office, including unblocked toilets, painting, carpet cleaning and other ad hock requests around the office.

I have always found the standard of cleaning and maintenance work to be at all times exceptionally high and very professional.

I have a great relationship with all the staff at Pamper and I know I can call them with any problem and they will go out of their way to find a solution for me.

I would definitely recommend Pamper Cleaners to any potential clients.

Yours sincerely,

Katy Gaul

Facilities Manager
