

Pure Sports Medicine

Focused treatment for focused individuals

Telephone: 08447 700 800 www.puresportsmed.com

Friday 3rd August 2012

To Whom This May Concern,

Pure Sports Medicine is a Sports Rehabilitation Clinic with Sports Doctor procedure rooms on each of our sites and a rehabilitation zone containing various pieces of equipment. Being a medical centre we expect a very high standard of hygiene and cleanliness.

Pamper Cleaning have been our preferred cleaner since 2009 where they began cleaning our Kensington clinic and now we have a contract covering our other two clinics in the City, since 2010 and our new clinic in Canary Wharf that opened last year in September 2011.

I have a good working relationship with the Management team who are easy to contact and are very reliable. They always take any feedback on board so that they can ensure high standards are maintained.

I would recommend Pamper Cleaning to any potential clients.

Your Sincerely

Lara Faulkner

Practice Manager
